

The Ideal Telehealth App for Providers.

Much more than practice management, Lightning MD Telehealth is the ideal, fastest and most convenient telehealth and scheduling solution for any practice.

The easiest way to get started with telehealth.

With Lightning MD Telehealth, private patient video exam rooms are automatically created for each patient visit. We make telehealth as easy as 1-2-3

✓ Calendar Appointment

Create a telehealth appointment on the calendar

✓ Receive a Text

Patient and Provider receive a text link to the private video exam room

✓ Connect to the Visit

No apps to download or accounts to register, just click to join the visit
